Acrylics can be used on any of these surfaces.

Acrylic Paints

(heavy body, high quality, professional grade)

1. Titanium White (cool opaque white)
2. Diallyde Yellow or Cadmium Yellow Medium (warm deep yellow)
3. Quinacridone Gold (transparent warm- earthtone yellow, great for washes, underpainting and glazing)
4. Yellow Oxide (opaque warm earthtone yellow)
5. Organic Vermillion or Napthal Red Lt. (both are warm light reds)
6. Napthal Red Medium (cool deep red)
7. Quinacridone Burnt Orange (Golden Brand)(transparent warm earthtone orange- for underpainting and making rich warm darks, browns and convincing greens)
8. Dioxazine Purple (a great color for creating rich deep browns and blacks)
9. Cerulean Blue Chromium Hue(neutral blue for grays and cool shadows)
10. Ultramarine Blue (purpley blue)
11. Phthalo Blue (GS) (transparent warm)
12. Primary Yellow, Or Hansa Yellow Light (Light Bright Clear Yellow)
13. Mars Black
14. Cadmium Orange (optional)

Acrylic Fiber Brushes

* Bring a large assortment of edges and sizes.

My personal preference is flats and brights ¼" -1 ½" ("Snap" brand brushes by Princeton are a great value and hold up to acrylics very well)

* DO NOT bring hog bristle brushes as they do not react well in water and are too stiff for acrylic paint.

* One small detail or signature brush

* One inexpensive 3" hardware store house painting brush (for gesso textures)
